PROTECTIVE APPAREL

Protection. For life.

 **Kimberly-Clark**

PROTECTIVE APPAREL

Non-Sterile Protective Gowns

Our Non-Sterile Gowns are an important part of any infection control effort. They come in a variety of styles, from light cover up to impervious protection. They feature our breathable 3-layer fabric or plastic film, designed to resist blood strikethrough and reduce the risk for cross-contamination. Ideal for routine patient contact, contact isolation, or general clean-up tasks.

You can get the protection of plastic with the comfort of cloth for any task with our Impervious Comfort Gown. It features a plastic film outer layer and soft-top-touch inner lining quilted together in an attractive embossed pattern.

Scrub Suits and Lab Jackets

For a professional look that protects, choose lab jackets and other apparel from Kimberly-Clark. They feature our breathable 3-layer fabric offering exceptional resistance to blood strike-through for various levels of exposure. Tailored styling and fit enhance worker comfort. Added features like knit cuffs, collars and pockets.

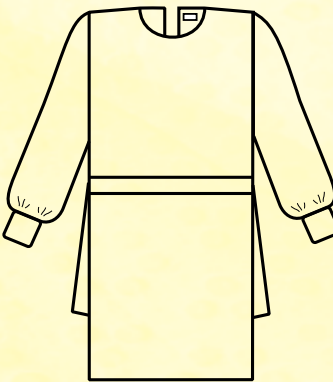

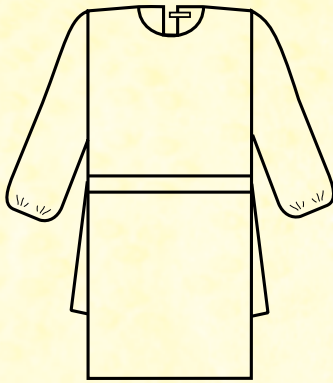

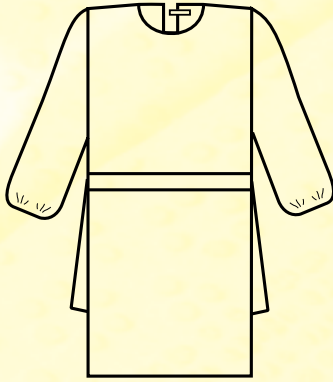

Headwear

You'll find products appropriate for use in all areas of health care; from the operating room to the cafeteria. Including lightweight bouffant caps and protective surgical hoods in a wide range of styles.

Footwear

Select from basic shoe covers for minimum coverage all the way up to full coverage boots. Features such as sonically bonded seams and impervious reinforcements for procedures where moderate fluid contamination is anticipated.
